

Text- a-Parent

As a means of enhancing communication between the school and home, we operate a group-texting system to families. These are used to remind parents/guardians when there are changes to routine (e.g. Staff Meetings, early closings), to advise of specific events (e.g. meetings, displays) or in the case of emergencies (e.g. sudden school closure).

In order to ensure that all families receive Text-a-Parent messages, we automatically registered the mother's / female guardian's mobile phone number. If you wish to change to a different number for text-a-parent messages, please complete the form below and return to the school office.

Change of Number for Text-a-Parent

Pupil Name: _____ Class: _____

Pupil Name: _____ Class: _____

Pupil Name: _____ Class: _____

Pupil Name: _____ Class: _____

Please change our text-a-parent phone number
